

Waste Management & Environmental Performance for your Leisure Centre

SWS can work alongside your leisure centre to actively help manage all things waste and facilities management. By taking advantage of our consolidated approach, we can manage all waste streams under one management structure and assist you to increase recycling as well as your environmental credentials, whilst at the same time decreasing your costs.

SWS is a very different kind of waste company.

We are in the business of management, therefore in a position to offer impartial advice on the most suitable and cost effective waste and recycling solutions. We recognise that our customers have different needs and we pride ourselves in offering individual and sustainable waste management solutions. These solutions are always tailored to your requirements.

...BUT DON'T JUST TAKE OUR WORD FOR IT

"We have just entered our fourth year with Sommers Waste Solutions as we have been extremely pleased with the first class customer service and reliability in managing all aspects of waste and recycling for 1Life Leisure. The SWS team are always willing to resolve any service issues and they helped us achieve savings and improvements in our ongoing commitment of increased recycling. No job is too big for SWS and many of our sites across the UK have already benefitted from SWS's 'can do approach' and solution driven attitude."

Steve Bambury, Commercial Director, 1 Life Leisure

"SWS has been our preferred waste management partner for the past five years and continue to give SLL an exemplary, professional and reliable service. I would highly recommend SWS for all waste management requirements as we feel that their attention to detail and focus on customer satisfaction is something unique and refreshing."

Martin Smith, Head of Facilities Management, Stevenage Leisure Limited
